Services charter

Services charters are documents to inform citizens about the **services** we offer and our **quality commitments**. Therefore, to ensure fulfilment of these commitments, we undertake to annually publish specific **indicators** for each commitment.

Mission

The mission of the Santa María Cathedral Foundation is to develop the potential within the cathedral as a major heritage site in the region, on a historic, cultural, tourist and scientific level. In the Cathedral hostel, this goal is achieved **by providing accommodation to a range of different groups, schoolchildren, young people and hostellers visiting the city.**

Commitments monitoring

If the commitments set out in this Services Charter cannot be fully or partially fulfilled at any time due to causes within or beyond the service, the Santa María Cathedral Foundation will act to rectify this situation and avoid inconveniencing users of the service.

A series of indicators to verify the fulfilment of the commitments has been established in the charter. Monitoring of the commitments will be published annually on the website: www.catedralvitoria.eus.
